

Training and Professional Development Opportunities Spring & Summer 2019

The Government of Newfoundland and Labrador, Municipalities Newfoundland and Labrador, Professional Municipal Administrators and the Combined Councils of Labrador are committed to providing relevant training and development opportunities to elected officials and municipal administrators.

The Training Circular outlines training and development opportunities available in Spring and Summer, 2019 and can be found at: <http://www.mae.gov.nl.ca/training/index.html>.

Registration and contact information for municipal training sessions is included in the Training Circular.

Please note that your Gas Tax Funding Agreement requires that one administrative and one elected representative from your community attends at least one designated training session each fiscal year. All sessions listed on the Training Circular fulfill this requirement.

Please be aware that the Municipal Training Financial Assistance Fund is available to provide travel subsidies for municipalities to attend eligible training events. Please call Municipal Finance at 1-877-729-4393 or email bmanning@gov.nl.ca to determine eligibility and note that the financial assistance application can be found at: <http://www.mae.gov.nl.ca/training/index.html>.

Participation in training contributes to individual professional development and improves the quality of local governance and administration in our communities and our Province.

Please contact Kim MacPherson for questions or comments on training and development:
